

VIVANCOMTP/MPO Backbone Cable

Brand: Vivanco
Availability: In Stock

Short Description

Fibers up to 144 cores, 12 fiber sub-unit and 24 fiber sub-unit available, SM, OM3, OM4 and OM5 fiber types available

Description

Fibers up to 144 cores, 12 fiber sub-unit and 24 fiber sub-unit available, SM, OM3, OM4 and OM5 fiber types available

Features & Benefits

- 1. 12-core and 24-core sub-units available
- 2. SM (G657A2), OM3, OM4, OM5 fiber types
- 3. Small diameter for space wiringandmanagement
- 4. Customized fan-out cable length
- 5. Bend-optimized fibers adopted and ULL fiber optional
- 6. Faster than traditional fusion splicing
- 7. 40G and 100G applications
- 8. Colored sheath for east identification

Specification

Structure	Indoor Non-metallic OFC-Aramid Yarn		
Cable Diameter	Sub-unit	12 Fibers	2.8mm
		24 Fibers	3.0mm
	Backbone Cable	12 Fibers / 24	4.5mm

	with Double Sheaths	Fibers 48 Fibers 72 Fibers 144 Fibers	8.5mm 10.4mm 13.5mm
Sheath Color	Single Mode OM3 OM4 OM5		Yellow Aqua Violet Lemon Green
Sheath Material	LSZH, OFNP(PVC)		
Tensile	50N		
Working Temperature	-10~60°C		
Durability	?100 Times
